1. BASIS OF PREPARATION

The condensed consolidated interim financial statements have been prepared in accordance with International Financial Reporting Standards, (IAS) 34 Interim Financial Reporting, and the Companies Act of Namibia. These condensed consolidated interim financial statements do not include all the information necessary for full International Financial Reporting Standard disclosure. The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period. The interim financial statements are presented in thousands of Namibia Dollars (N\$'000) on the historical cost basis, except for financial instruments which are measured at fair value and land and buildings held for administrative purposes which are measured at revalued amounts. The condensed consolidated interim financial results are unaudited and have not been reviewed by the independent external auditors.

2. FOREIGN CURRENCY

The Group's functional and presentation currency is the Namibia Dollar. The Company's primary listing is on the Namibian Stock Exchange (NSX).

3. RELATED PARTIES

During the period under review, certain companies within the Group entered into transactions with each other. These intra-Group transactions have been eliminated on consolidation. Related parties remain unchanged from that reported at 31 March 2021.

5. REVIEW OF OPERATIONS

Overview of first six months

Despite the continued challenges due to the impact of Covid-19, various actions taken by management to mitigate the potential impact posed by the pandemic resulted in positive results for the Group.

On 22 September 2021 a fire damaged a warehouse which is part of a building owned by one of the subsidiary companies in the Group. Although the building is covered under an insurance policy, the contingent asset has not been recognised as a receivable as the extent of the damage and amount of the compensation from the insurance company have not been determined.

Overview of first six months continued

Investigation is still ongoing to determine the extent of the damage and management has raised an impairment loss of N\$2,9 million for the period, while this process is being finalised.

The fire also destroyed inventories of one of the retail entities in the group. The inventories were severly damaged and was written off in full. The loss was included in other expenses and the insurance compensation receivable was recognised as other income in the statement of profit and loss for the period.

6. SEGMENT RESULTS

Retail segment: Revenue increased by 23% compared to the comparative six months of the previous financial year. As a result there was a significant improvement of profitability. The increase was partly due to the fact that April 2020 was impacted due to the first lockdown, but also due to a focus on marketing, new product ranges, imports and driving efficiencies throughout the segment.

Property companies: Revenues declined further for the first six months of the reporting period. The segment was however still able to show a profit for the first six months of trading, before the impairment of the building damaged by the fire. Vacant areas were also rented out during the year that will have a positive impact on the profitability of the segment.

Insurance and finance: Results for the segment have been in line with expectations. Profitability is increased due to investment income being slightly better than expected. New premiums increased compared to the prior year further contributing to better profitability.

7. DETERMINATION AND DISCLOSURE OF FAIR VALUES

Fair values have been determined for measurement and/or disclosure purpose based on the following methods. The techniques and inputs used have not changed since the year end.

Investment properties and land and buildings

The Group's Board of directors assessed the values of the land and buildings at 31 March 2021. During the six months under review, the aggregated carrying values still approximated its fair value, except for the property damaged by the fire. The fair values are based on valuations and other market information that take into consideration the estimated rental value, market yield and replacement value of the property. Should any of the assumptions used in the valuation calculation change, it may have a material impact on the results of the Group. Investment properties and land and buildings are classified as level 2 in terms of the fair value hierarchy.

Investment in equity and debt instruments

The investments are measured, at initial recognition and subsequently, at fair value. Transaction costs are recognised in profit or loss.

Cash and cash equivalents (including bank overdraft)

Cash and cash equivalents for the Group is of a short-term nature and the fair values approximates the carrying amount.

Loans receivable and trade and other receivables

The fair value of loans and receivables and trade receivables are measured, at initial recognition, at fair value plus transactions costs, if any. They are subsequently measured at amortised costs. The amortised cost is the amount recognised on the receivable initially, minus principal repayments, plus cumulative amortisation (interest) using the effective interest method of any difference between the initial amount and the maturity amount, adjusted for any loss allowance.

Borrowings, loans from related parties and trade payables

Loans from related parties, interest bearing loans and borrowings as well as trade and other payables are classified as financial liabilities subsequently measured at amortised costs using the effective interest method. The fair values of these instrument approximates their carrying amounts.

Fair value hierarchy

For financial instruments recognised at fair value, disclosure is required of a fair value hierarchy which reflects the significance of the inputs used to make the measurements.

Level 1 represents those assets which are measured using unadjusted quoted prices for identical assets.

Level 2 applies inputs other than quoted prices that are observable for the assets either directly (as prices) or indirectly (derived from prices).

Level 3 applies inputs which are not based on observable market data.

There were no transfers between the levels for the reporting period(s).

Re-insurance asset

For the six month period ended 30 September 2021 the only items that impacted the headline earnings calculation was the loss on disposal of plant and equipment and the impairment of assets by the fire during the period.

10. BASIC EARNINGS PER SHARE

Earnings per share based on profit for the six months ended 30 September 2021 was 11,33 cents (30 September 2020: 4,04 cents), compared to a headline earnings per share of 16,88 cents (30 September 2020: 3,99 cents).

11. DIVIDENDS

Ordinary dividends of 18 cents per share (N\$ 9,6 million) were declared and paid by the Company on 26 July 2021. No interim dividend has been proposed by the Board of directors.

12. DIRECTORS

It is with great sadness that Nictus' shareholders are informed of the passing of Mr NC Tromp, a non-executive director of the company, on Sunday, 27 June 2021. Words fail us in expressing our sincere gratitude and in paying tribute to such a wonderful person and an exemplary and visionary mentor for so many. Mr Tromp will be sorely missed and we will build on his legacy of greatness and excellence – an integral part of the Nictus culture.

The following directors were re-elected at the Annual General Meeting on 25 August 2021 – TB Horn and WO Fourie. TB Horn and GR de V Tromp were re-elected as members of the Audit and Risk Committee. TB Horn was appointed as Chairperson of the Audit and Risk Committee with effect from 25 August 2021. SW Walters was appointed as independent non-executive director, member of the Audit and Risk Committee and Remuneration and Nomination Committee respectively, with effect from 1 August 2021. FR van Staden resigned and G Swart retired as directors of the Board on 1 September 2021. TB Horn was appointed as lead independent director on 1 September 2021.

13. CHANGE OF YEAR END

The board of directors has approved that Nictus Holdings Limited and its subsidiaries change their year ends from 31 March to 30 June. The period ending 30 June 2022 will be the first reporting period that will be affected by this decision. This will result in a 15 month reporting period from 1 April 2021 to 30 June 2022.

14. PROSPECTS

Various promotions and special transactions have been planned and implemented during the first six months within the retail segment. The initial results of these actions have been positive. The constant drive to achieve higher investment returns, even if only marginal, will remain a focus area.

Traditionally, the majority of the Group's earnings have been generated during the second half of the financial year and the expectations are that this trend will continue during this financial period.

On behalf of the Board: Windhoek, 9 December 2021
