CHAIRMAN'S REPORT

True success means staying true to a deeper sense of purpose, despite deviating from a superficial social norm. It means finding joy in hardship. It means having the courage to pursue one's own journey when confronted by the fear of uncertainty. Celebrating success means celebrating strategies coming together and when a team achieves more than the desired result. It is a tale where hard work, dedication and commitment pay off in the best possible way.

This year marks an absolute record for the Nictus Holdings Group of Companies, and we are humbled by the efforts and commitment presented by every employee who pulled their weight to attain such fantastic results.

Namibia, our beloved country, has the tendency to surprise, but moreover to show resilience through its people and operations, despite the world out there experiencing turbulent political and economic upheaval. Our people are able to adapt to challenges and convert them into rewarding victories.

Approaching 80 years of existence in 2025, Nictus remains a proud Namibian Group. Over the years, Nictus has engaged in various industries, businesses and ventures, and sometimes we were forced to effect significant change and adapt to the changing environment, which helped us root ourselves even deeper into Namibian soil. By the grace and love of God, we were blessed with the ability to become sustainable and achieve continuity amongst our employees, operations, and services. Although we are far from perfect, we strive for excellence in what we do by doing our best every day.

Looking back over the past year, we achieved exceptional growth and sound profitability in all segments of the Group. Our property portfolio remains a cornerstone of our business with due consideration and continued efforts to achieve efficiency. The insurance and finance segment, as well as the retail segment performed exceptionally with significant growth in turnover, profit and market share. We strive to better our relationships on a continuous basis, endeavouring to improve customer satisfaction and focusing on client-specific needs.

Again, none of these results could be achieved without such an extraordinary and loyal customer and client base. I would like to thank everyone for your trust, support and loyalty to Nictus and the businesses and brands it represents. It is a privilege to be of service to you and I hope to continue building on these relationships and support in the years to come.

Namibia is experiencing a lot of change and prospects for the country look good, despite global and local political and economic turmoil. We are optimistic about the future developments in Namibia and are excited to be part of these explorative activities and exhilarating times which lie ahead.

All grace and glory to our loving God for protecting our people and their families, and also for being present daily in all operations, discussions and decisions. We are humbled and thankful for all the blessings we receive from His hand.

Finally, I would like to extend my sincere thanks to all the board members of the Group, management, and each employee for their unconditional input. Working at Nictus is not a job, task, or compulsory action, it is a way of life, and we are proud to live this journey together.

I honour you.

MANAGING DIRECTOR'S REPORT

Dear Nictus Family Members,

I am pleased to report on the 2024 financial year, reflecting on a period of significant achievements and exponential growth encompassing all sectors of our business, buoyed by a robust, although challenging, economic environment.

This financial year has been marked by exceptional performance of our diverse portfolio across the board. The Namibian economy, while facing its share of challenges, has shown resilience, and we have been able to capitalise on this by executing and exceeding our strategic objectives effectively. Our commitment to operational excellence, innovation and customer satisfaction has enabled us to surpass expectations and deliver substantial value to our stakeholders, thriving in our ideal future to be Exceptional Wealth Creators.

Subsidiary Performance

Furniture Division: This division has seen remarkable growth, driven by increased consumer demand and effective marketing strategies. We have expanded our product range and enhanced customer experience, which has led to us to being acknowledged as the market leader in this segment.

Vehicle Division: The automotive sector had its own challenges, but looking back they performed satisfactorily in a saturated market. Our focus on customer service and a diversified current and new product offering has positioned us as a force to be reckoned with in the industry.

Tyre and Automotive Glass Division: The tyre and automotive glass segment has also delivered strong results, benefiting from overall growth in the automotive industry. Our investment in a diverse import strategy, quality products and after-sales services has paid off, with increased customer loyalty and with clients returning time and time again.

Property Segment: The property division has experienced steady growth, with our strategic investments yielding positive returns. The rise in building costs has led us to revalue our property portfolio for the first time since the Covid pandemic. We remain invested in our strategy to do business from our own premises.

Insurance and Finance Segment: Our insurance business division has shown noteworthy growth and resilience, with an expanding customer base and strong retention rates. We have positioned ourselves as the leading short-term insurance company over the last twelve months; a position that we do not take for granted but are thankful for and will uphold through dedication and commitment to our customers. The finance division has recorded impressive results, with a notable increase in premiums and customer acquisitions. Our commitment to be the preferred risk dissolvers has strengthened our position in the market.

Conclusion

In conclusion, Nictus Holdings Namibia has successfully navigated the challenges of the past year, leveraging our strengths and market opportunities to achieve exponential growth. Our diversified business model as well as staff that take ownership and are committed, have proven to be the key drivers of our success. I am confident that we will continue to build on this momentum in the coming years.

With expansions to our neighbouring countries on the horizon, the prospect of oil and the development of renewable energy in the country, we remain extremely optimistic. We are positioning our portfolio and expanding in the areas we believe are going to benefit from these inflows.

I would like to express my gratitude to our Heavenly Father for guidance, our dedicated employees, management team, and Board of Directors for their unwavering support and contributions. Together, we will continue to drive Nictus Holdings Namibia forward as a family business for all, creating sustainable value for our stakeholders.

AUDIT AND RISK COMMITTEE REPORT

The Audit and Risk Committee oversees the Group's financial and assurance reporting process, assesses the effectiveness of internal controls, accounting practices, enterprise risk management, information systems and auditing processes on behalf of the Board of Directors. The Committee is composed of various members with extensive financial expertise. The primary responsibility for the financial statements, the effectiveness of internal controls, accounting practices, enterprise risk management, information systems and auditing processes, lies with the Group's management.

In fulfilling its oversight responsibilities, the Committee reviewed and deliberated upon the audited consolidated and separate financial statements and related schedules in the Integrated Annual Report with Group management. These discussions included the quality of accounting principles, reasonableness of significant judgments, and clarity of disclosures in the financial statements.

The Committee operates under a charter available at the Group's registered office. The charter was reviewed, and no amendments were recommended for Board approval. During the year ending 30 June 2024, the Committee held four meetings. The Committee is currently composed of four directors, including an independent non-executive director serving as the Chairperson. The committee's succession plan to cater for rotating members, will be successfully concluded upon shareholders' approval at the Company's upcoming Annual General Meeting.

The Committee's meetings facilitate communication among the Committee, management, its internal audit function, and independent external auditor. Discussions occurred with both the internal auditors and the independent external auditor, covering the scope and plans of their audits. Meetings include discussions with and without management presence, focusing on results of examinations, evaluations of internal control, and overall financial reporting quality.

Maintaining the independence of the Group's external auditor, both in actuality and appearance, is paramount to the Committee. Each year, the Committee undertakes a comprehensive evaluation of the qualifications, performance, and independence of the external auditor, including reviewing partner rotation practices. For the 2024 financial year, the Committee evaluated SGA Chartered Accountants and Auditors, considering their quality of service, technical expertise, and extensive knowledge of the Group's operations and industry and found the performance and independence adequate. However recognizing the Group's expanding international and local operations and the need for enhanced support, the Committee has recommended transitioning to BDO Chartered Accountants and Auditors for the 2025 financial year. This recommendation reflects the Committee's assessment of the need for a broader network and resources to support the Group's evolving strategic needs.

Collaborating with the independent external auditor, the Committee reviewed judgments concerning the quality of accounting principles, as well as other matters as required.

Additionally, discussions covered the auditor's independence from management and the Group, internal and external audit quality assurance processes, compatibility of non-audit services with independence, and control assurance statements with the internal auditor.

Together with management and the independent external auditor, the Committee reviewed and discussed the Group's audited consolidated and separate financial statements for the year ended 30 June 2024, as well as management's assessment of internal control effectiveness. No material weaknesses and significant deficiencies were identified during the assessment and external audit. Furthermore, the Committee reviewed the effectiveness of management's Enterprise Risk Management process and risk reporting, combined assurance model, and assessed and confirmed the appropriateness of the going concern assumption for Board approval, and it reviewed management's compliance with legal and regulatory matters.

Based on the reviews and discussions mentioned, the Committee recommended, and the Board approved the audited consolidated and separate financial statements for the year ending 30 June 2024.

For the year ahead, the Committee will continue to ensure that the group's financial systems, processes and controls are operating effectively, are consistent with the group's complexity and are responsive to changes in the environment and industries it operates in. The Committee will provide oversight in the Group's integrated reporting journey.

In conclusion, the Committee affirms its satisfaction with fulfilling its responsibilities outlined in the Audit and Risk Committee charter.

REMUNERATION REPORT

Introduction

The remuneration report provides an overview of the Group's remuneration policies and practices, designed to attract, retain, and motivate talented individuals while aligning with the Group's strategic objectives and regulatory requirements. This report highlights the governance framework, key elements of remuneration, and implementation processes.

Governance Framework

Nictus Holdings Limited adheres to the principles of the Corporate Governance Code for Namibia, the NamCode, and Namibia Stock Exchange listings requirements, ensuring that remuneration practices throughout the Group are governed by a robust framework. The Remuneration and Nomination Committee oversees the development, implementation, and review of remuneration policies, ensuring alignment with the Group's strategic goals and stakeholders' interests.

Remuneration Policy

The Group's remuneration policy is anchored in principles of fairness, responsibility, and transparency. It aims to attract and retain talented individuals who contribute to the Group's success while promoting long-term value creation. The policy is reviewed annually to ensure alignment with evolving business objectives, market trends, and regulatory changes.

The remuneration policy is set out on page 124 of the integrated annual report.

STRUCTURE AND KEY ELEMENTS OF REMUNERATION

Total Cost-to-Company

Remuneration packages for senior management, executive directors and general staff encompass a total cost-to-company approach, incorporating various components such as basic salary, bonuses, benefits, and performance-based incentives. This comprehensive approach ensures that executives receive a holistic compensation package that alians with the Group's strategic objectives and performance goals.

Furthermore, these packages are meticulously benchmarked against industry standards and best practices to ensure competitiveness and fairness. By linking remuneration to challenging short- and long-term performance targets, the company fosters a culture of accountability, meritocracy, and alignment with strategic priorities, thereby motivating executives to achieve excellence in their roles and drive sustainable value creation for shareholders.

Incentive Bonus Plan

Executives participate in an incentive bonus plan that is intricately designed to incentivise and reward exceptional performance aligned with the Group's strategic objectives. The plan is structured around predetermined performance targets, which are carefully tailored to reflect the specific goals and priorities of each business segment and the overall Group.

By aligning bonuses to the achievement of these targets, the Group ensures that executives are motivated to deliver superior results and contribute meaningfully to its success. This performance-based approach not only reinforces a culture of meritocracy and performance excellence but also fosters a strong sense of ownership and accountability among executives, thereby driving sustained business performance and shareholder value creation over the long term.

Retirement Benefits

While no retirement benefits are offered as part of the remuneration package, the Group is committed to supporting employees in making individual provisions for retirement. The Group recognises the importance of financial planning for retirement and encourages employees to take proactive steps to secure their financial future.

REMUNERATION REPORT

Executive Service Contracts

Executive directors' service agreements are crafted to provide clarity, transparency, and fairness in terms and conditions. These agreements typically include provisions such as notice periods, working and other criteria, and adherence to relevant laws and regulations.

By formalising these terms in written contracts, the Group ensures mutual understanding and agreement between the relevant company and its executive directors, thereby minimising the risk of misunderstandings or disputes in the future.

Furthermore, the Group remains committed to upholding the highest standards of corporate governance and ethical conduct in all its dealings with executive directors, fostering trust, confidence, and stability in the executive leadership team.

Succession Planning

The Group recognises the critical importance of succession planning in ensuring organisational resilience, continuity, and long-term success. The boards of directors undertake continuous review and assessment of senior-level requirements and talent development initiatives to identify and nurture high-potential individuals within the organisation.

By proactively identifying and grooming future leaders, the Group ensures a smooth transition of leadership and minimises disruptions to business operations in the event of executive turnover or retirement. Through robust succession planning efforts, the Group cultivates a pipeline of talent, promotes diversity and inclusion, and fosters a culture of continuous learning and development, thereby positioning itself for sustained growth and success in the dynamic business landscape.

Board Evaluation Process

An annual internal evaluation process is conducted to assess the performance and effectiveness of the boards of directors in fulfilling their governance responsibilities and overseeing the strategic direction of the Group. This evaluation encompasses various aspects such as board composition, structure, dynamics, processes, and performance outcomes.

Through a participative and rigorous assessment process, the boards identify areas of strength and areas for improvement, set priorities for governance enhancements, and develop action plans to address any identified gaps or challenges. By regularly reviewing and enhancing their governance practices, the boards demonstrate their commitment to upholding the highest standards of corporate governance, accountability, and transparency, thereby enhancing shareholder confidence and stakeholder trust in the Group's leadership and decision-making processes.

Non-Executive Directors' Remuneration

Non-executive directors play a vital role in providing independent oversight, guidance, and strategic direction to the Group's boards of directors. In recognition of their responsibilities and contributions, non-executive directors receive compensation commensurate with their role and level of involvement in board and committee activities. All non-executive directors' remuneration is cash-based, and directors do not have any incentivised element in their remuneration. The remuneration of non-executive directors is determined by the board based on consideration of factors such as market benchmarks, industry standards, director duties, responsibilities, regulatory requirements, time commitments, individual expertise, and director performance, thereby ensuring competitiveness and fairness in director remuneration practices.

These remuneration packages are subject to approval by shareholders in the case of Nictus Holdings Limited at the company's Annual General Meeting, ensuring transparency, accountability, and alignment with shareholder interests. The remuneration of non-executive directors' of subsidiaries is determined by the subsidiary boards of directors, considering available market information and guidelines that Nictus Holdings Limited uses to remunerate its non-executive directors. Subsidiary boards determine the remuneration within the subsidiary-specific framework and based on the qualifications and experience of the directors. Proposed remuneration for subsidiary non-executive directors are communicated to the Group Remuneration and Nomination Committee for evaluation before implementation.

REMUNERATION REPORT

REMUNERATION IMPLEMENTATION

In the 2024 financial year, the Group implemented adjustments to remuneration packages for top management/executive directors, non-executive directors, and general staff, as outlined below:

Top Management/Executive Directors

The Group conducted a structured review of the remuneration packages for top management/executive directors, leading to an average adjustment of 11.41% effective 1 July 2023. These adjustments were part of a phased alignment to industry benchmarks following the promotion of several executives from Chief Executive Officer roles to Managing Directors as of 1 July 2022. The increases are phased over a period of time to gradually align their remuneration with the industry standards, reflecting their expanded responsibilities and ensuring competitive compensation.

Non-Executive Directors

The Board approved an 8% increase in Non-Executive Directors' fees, which was subsequently ratified by shareholders at the 2023 Annual General Meeting. This adjustment aligns with market trends and recognises the valuable oversight and strategic guidance provided by Non-Executive Directors.

General Staff

Salary increases for general staff were implemented effective 1 July 2023, with adjustments ranging between 8% and 10%. These increases were determined based on position grading, industry benchmarks and the prevailing inflation rate, ensuring fair and equitable compensation adjustments across all job levels.

STATEMENT BY THE CHAIRPERSON

The Remuneration and Nomination Committee functions in terms of its charter, which is reviewed annually and approved by the board. The chairperson of the Remuneration and Nomination Committee reports regularly to the board.

The Committee provides guidance to ensure that all employees are remunerated in accordance with the approved remuneration policy aimed at fair, responsible, and transparent remuneration. Remuneration within the Group is based on performance, levels of decision-making, consequences of error, market research, and incentives to ensure long-term value for the employee and Group.

The Remuneration and Nomination Committee is satisfied that it was effective in discharging its duties, and has complied with the remuneration policy and charter during the financial year ended 30 June 2024. The Group remunerates fairly, responsibly, and transparently to promote the achievement of strategic objectives and positive outcomes across the economic, social, and environmental context in the short, medium, and long term. The Committee's composition remains appropriate, which is conducive to achieving its objectives. Sufficient information is received from management to facilitate robust discussions and make recommendations to the board.

Looking ahead, the Committee remains committed to ensuring that our remuneration practices evolve in line with emerging trends and challenges. As we navigate an increasingly complex business environment, we will continue to refine our strategies to attract, retain, and motivate top talent while upholding our principles of fairness, transparency, and long-term value creation. We are dedicated to aligning our remuneration policies with the Group's strategic objectives and shareholder expectations, ensuring that our approach not only meets current needs but also positions the Group for sustainable success in the years to come

SOCIAL, ETHICS AND SUSTAINABILITY REPORT

Summary

The Group surpassed expectations for the year. While some sectors may be facing challenges, our overall position remains robust. Our growth rate is exceeding projections, and profitability is surpassing budget forecasts. This performance significantly contributes to the Namibian economy through taxes, salaries, and various other economic activities. For a detailed breakdown of our economic contributions, please refer to the value-added statement in the Integrated Annual Report.

Responsible Corporate Citizenship

We are actively engaged in the communities where we do business, contributing substantially to education, social welfare, and various community and charitable initiatives. Our focus is on creating exceptional wealth for all stakeholders. Staff relations are excellent, with strong gender diversity across the Group. We ensure no discrimination in our hiring process, prioritising skillsets and qualifications. Group actions and additional contributions enhance our community impact. A systematic process was initiated last year to assess corporate responsibility involvement, incorporating information and aiming to establish targets in the next two years. Our supplier relations are maintained at a high level, making a significant contribution to our social and welfare initiatives.

United Nations Sustainable Development Goals

The Group is committed to the UN Sustainable Development Goals. We aim to remunerate our employees at least on the median of market related remuneration, contributing to poverty reduction and hunger alleviation. Considering clean energy, water, sanitation, and appropriate health and safety measures, we create a safe working environment. Our workforce is diverse and inclusive, with a strong focus on training and development. We promote responsible consumption and maintain a zero-tolerance policy on corruption.

Stakeholder Relationships

Stakeholder relationships remain a core focus for the Group. We engage in various activities to build strong relationships with key clients, suppliers, and other stakeholders. This is evidenced by our annual charity golf day and loyalty programs. Monthly customer satisfaction surveys are conducted, with prompt corrective actions taken as necessary.

Environmental, Social, and Governance Factors in Business Strategy

Our commitment to environmental and social responsibility is deeply embedded in our operations, guiding our core values and corporate citizenship. We actively pursue strategies to minimise our carbon footprint, focusing on reducing electricity and fuel consumption. Recognising the importance of sustainability, we are exploring the implementation of solar energy solutions, as well as water recycling initiatives. These efforts are not only aimed at environmental conservation but also at achieving long-term cost efficiencies.

Furthermore, we pride ourselves on maintaining a diverse and inclusive workforce that mirrors the demographics of the communities we serve. This commitment to diversity is integral to our business strategy, ensuring a balanced and representative employee base.

To enhance transparency and accountability, we have implemented an electronic system that generates monthly reports, providing timely and accurate information on our environmental and social initiatives. This system allows us to monitor progress and make informed decisions.

Whilst the Social, Ethics and Sustainability sub-committee of the Board provides guidance and monitors activities on a Group-level, our ESG approach is subsidiary-driven, recognising that each subsidiary operates within unique contexts and requires tailored initiatives. This localised management model ensures that our sustainability efforts are relevant and effective across different regions. By consolidating information from all subsidiaries, we can comprehensively review labour costs and other critical factors, driving our goal of becoming a self-sustainable organisation.

SOCIAL, ETHICS AND SUSTAINABILITY REPORT

Oversight and Management

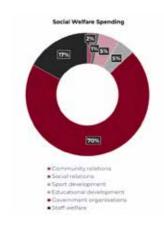

Compliance within the Group is non-negotiable. Our internal audit program runs alongside the branch inspection program, control breakdowns are identified within days, and mitigation steps and loss recoveries are initiated instantly. Instances of theft were promptly identified and addressed. Management practices are in line with governance rules and Group policies, and continuous training is provided at all levels.

Top management undertook international training, focused on environmental, ethical, and social issues, which is being implemented into subsidiaries where applicable.

Ethics

The Group has a strict Code of Conduct, signed by every employee. We enforce a zero-tolerance policy for non-adherence to this Code and our values.

We have established robust mechanisms to address any unethical events within our organisation. Unethical behaviour are promptly identified, thoroughly investigated, and appropriate actions are taken to maintain the highest standards of integrity and ethical conduct.

^{*} Comparative information was restated for the initial application of IFRS 17. Refer note 6

1. Basis of preparation

The abridged summarised annual financial statements have been prepared in accordance with the recognition and measurement requirements of International Financial Reporting Standard, in the manner as required by the Companies Act of Namibia and the Listing Requirements of the Namibian Stock Exchange. The condensed annual financial statements should be read in conjunction with the consolidated annual financial statements for the year ended 30 June 2024, which have been prepared in accordance with IFRS.

The abridged summarised annual financial statements are presented in thousands of Namibia Dollars (N\$000) on the historical cost basis, except for financial instruments which are measured at fair value and land and buildings held for administrative purposes and investment property which are measured at revalued amounts

2. Foreign currency

The Group's functional and presentation currency is the Namibia Dollar. The Company's primary listing is on the Namibian Stock Exchange (NSX)

3. Directors' responsibility

The directors take full responsibility for the preparation of the summarised annual financial statements, and that the financial information has been correctly extracted from the underlying audited annual financial statements for the year ended 30 June 2024.

4. Responsibility for annual financial statements

The annual financial statements for the year ended 30 June 2024 have been audited by SGA Chartered Accountants and Auditors, and their unqualified audit opinion is available for inspection at the registered office of the Company.

5. Accounting policies

The accounting policies applied are materially consistent with those of the consolidated annual financial statements for the year ended 30 June 2023. The adoption of new and revised IFRS standards and interpretations did not have a material impact, except for the first-time application of IFRS 17 Insurance contracts set out in note 6.

6. IFRS 17 Insurance contracts

Transition approach

The Group adopted IFRS 17 as of 1 July 2023 on a fully retrospective basis for all its insurance contracts owing to the fact that the group has determined that there is reasonable and supportable information available for all contracts in force at transition date.

Comparative information has been restated as required by the transitional provisions of IFRS 17. The change in carrying amounts of insurance assets and liabilities at the date of transition has been recognised in retained earnings on 1 July 2022 (the comparative period).

The Group has identified, recognised and measured each group of insurance contracts as if IFRS17 had always applied, derecognised any existing balances that would not exist if IFRS 17 had always applied and recognised any resulting net difference in equity.

Impact of changes in tax legislation

IFRS 17 will impact the allocation between current income tax and deferred tax in the statement of financial position and the Group's overall tax position. The Namibian Income Tax Act however did not change since the implementation of IFRS 17 to include any of the IFRS 17 principles, hence Corporate Guarantee still complies to the Namibian Tax Act regulations as specified in the Tax Act, irrespective of the IFRS 17 principles applied in the Financial Statements.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL INFORMATION

Figures in Namibia Dollar thousand 2024 2023 Restated *

10. Fair value information of financial instruments

Fair values have been determined for measurement and/or disclosure purpose based on the following methods. The techniques and inputs used have not changed since the year end.

Investment properties and land and buildings

The board of directors value the investment and owner occupied property portfolio on an annual basis. The fair values are based on valuations and other market information that take into consideration the estimated rental value (40%) and replacement value (60%) of the property. A market yield between 11.5% and 12.5% (2023: between 11.5% and 12.5%) is applied to the estimated rental value to arrive at the gross property valuation. Investment properties and land and buildings are classified as level 2 in terms of the fair value hierarchy.

Investment in equity and debt instruments

The investments are measured, at initial recognition and subsequently, at fair value. Transaction costs are recognised in profit or loss.

Cash and cash equivalents

Cash and cash equivalents for the Group is of a short-term nature and the fair values approximates the carrying amount.

Loans receivable and trade and other receivables

The fair value of loans and receivables and trade receivables are measured, at initial recognition, at fair value plus transactions costs, if any. They are subsequently measured at amortised costs. The amortised cost is the amount recognised on the receivable initially, minus principal repayments, plus cumulative amortisation (interest) using the effective interest method of any difference between the initial amount and the maturity amount, adjusted for any loss allowance.

Borrowings, loans from related parties and trade payables

Loans from related parties, interest bearing loans and borrowings as well as trade and other payables are classified as financial liabilities subsequently measured at amortised costs using the effective interest method. The fair values of these instrument approximates their carrying amounts.

Fair value hierarchy

For financial instruments recognised at fair value, disclosure is required of a fair value hierarchy which reflects the significance of the inputs used to make the measurements.

Level 1 represents those assets which are measured using unadjusted quoted prices for identical assets.

Level 2 applies inputs other than quoted prices that are observable for the assets either directly (as prices) or indirectly (derived from prices).

Level 3 applies inputs which are not based on observable market data.

3.9. Ordinary resolution 9: election of ME Ackermann as a member and chairperson of the Audit and Risk Committee

"Resolved that ME Ackermann, an independent non-executive director of the Company, be and is hereby elected as a member and chairperson of the Audit and Risk Committee of the Company, to hold office until the conclusion of the next annual general meeting of the Company."

In order for this ordinary resolution to be passed, the support of more than 50% (fifty per cent) of the voting rights exercised on the resolution by all equity shareholders (as defined in the NSX Listings Requirements) present in person, or represented by proxy, at the annual general meeting is required.

3.10. Ordinary resolution 10: re-election of GR de V Tromp as a member of the Audit and Risk Committee

"Resolved that GR de V Tromp, a non-executive director of the Company, be and is hereby re-elected as a member of the Audit and Risk Committee of the Company, to hold office until the conclusion of the next annual general meeting of the Company."

In order for this ordinary resolution to be passed, the support of more than 50% (fifty per cent) of the voting rights exercised on the resolution by all equity shareholders (as defined in the NSX Listings Requirements) present in person, or represented by proxy, at the annual general meeting is required.

3.11. Ordinary resolution 11: re-election of SW Walters as a member of the Audit and Risk Committee

"Resolved that SW Walters, an independent non-executive director of the Company, be and is hereby re-elected as a member of the Audit and Risk Committee of the Company, to hold office until the conclusion of the next annual general meeting of the Company."

In order for this ordinary resolution to be passed, the support of more than 50% (fifty per cent) of the voting rights exercised on the resolution by all equity shareholders (as defined in the NSX Listings Requirements) present in person, or represented by proxy, at the annual general meeting is required.

3.12. Ordinary resolution 12: signing authority

"Resolved that each director, or the secretary of the Company, be and is hereby authorised to do all such things and sign all such documents as may be necessary for, or incidental to the implementation of the resolutions passed at the annual general meeting of the Company and set out in this notice."

In order for this ordinary resolution to be passed, the support of more than 50% (fifty per cent) of the voting rights exercised on the resolution by shareholders present in person, or represented by proxy, at the annual general meeting is required.

3.13. Special resolution 1: general authority to repurchase shares

"Resolved that the Company, in terms of its memorandum and articles of association, or one of its wholly-owned subsidiaries, in terms of such wholly-owned subsidiary's memorandum and articles of association as the case may be, and subject to the relevant subsidiary passing the necessary special resolution, be and is hereby authorised by way of a general approval, to acquire the Company's own securities, upon such terms and conditions and in such amounts as the directors may from time to time decide, subject to the Listings Requirements and the Companies Act".

Section 89 of the Companies Act authorises the board of directors of a Company to approve the acquisition of its own shares subject to the provisions of section 89 having been met. The Companies Act requires the approval of a 75% (seventy-five per cent) majority of the votes cast by shareholders present or represented by proxy at the annual general meeting for special resolution to become effective.

3.14. Special resolution 2: financial assistance to entities related or inter-related to the Company

"Resolved that, as a general approval, the Company may, in terms of section 44 of the Companies Act, provide any direct or indirect financial assistance ("financial assistance" will herein have the meaning attributed to it in section 44(1) of the Companies Act) to any related or inter- related Company or to any juristic person who is a member of or related to any such Company/ies.

The effect of special resolution, if adopted, is to confer the authority on the board of directors of the Company to authorise financial assistance to companies related or inter-related to the Company or to any juristic person who is a member of or related to any such companies generally as the board of directors may deem fit, on the terms and conditions, and for the amounts that the board of directors may determine from time to time, for a period of two years from the date of the adoption of the special resolution and in particular as specified in the special resolution.

In order for special resolution to be passed the support of at least 75% (seventy-five per cent) of the voting rights exercised on the resolution by the shareholders present in person, or represented by proxy, at the annual general meeting is required.

4. ADDITIONAL INFORMATION

The following additional information, which may appear elsewhere in the integrated annual report, is provided in terms of the NSX Listings Requirements for purposes of the general authority to repurchase the Company's shares set out in special resolution number 1 above –

- 4.1. directors and management pages 44 and 45;
- 4.2. major shareholders page 45;
- 4.3. directors' interests in ordinary shares page 46; and
- 4.4. share capital of the Company page 89.

5. LITIGATION STATEMENT

The directors in office whose names appear on pages 16 and 17 of the integrated annual report, are not aware of any legal or arbitration proceedings, other than the pending proceedings disclosed in the

litigation statement in the Directors' Report on page 46 of the integrated annual report, that may have a material effect on the Group's financial position from the date of this integrated annual report.

6. DIRECTORS' RESPONSIBILITY STATEMENT

The directors in office, whose names appear on pages 16 and 17 of the integrated annual report, of which this notice forms part of, collectively and individually accept full responsibility for the accuracy of the information pertaining to special resolution number 1 and certify that, to the best of their knowledge and belief, there are no facts that have been omitted which would make any statement false or misleading, and that all reasonable inquiries to ascertain such facts have been made and that this notice of the annual general meeting contains all information required by law and the NSX Listings Requirements.

7. MATERIAL CHANGES

Other than the facts and developments reported on in the integrated annual report, there have been no material changes in the affairs or financial position of the Company and its subsidiaries since the Company's financial year end and the date of signature of the integrated annual report (incorporating the audited annual financial statements).

8. DIRECTORS' INTENTION REGARDING THE GENERAL AUTHORITY TO REPURCHASE THE COMPANY'S SHARES

The directors have no specific intention, at present, for the Company to repurchase any of its shares, but consider that such a general authority should be put in place should an opportunity present itself to do so during the year, which is in the best interests of the Company and its shareholders.

9. ATTENDANCE AND PROXIES

- 9.1. Please note that, in terms of section 197 of the Companies Act -
- 9.1.1. a shareholder entitled to attend and vote at the annual general meeting is entitled to appoint one or more proxies to attend, participate in, and vote at the annual general meeting in his or her stead; and
- 9.1.2. a proxy need not be a shareholder of the Company.
- 9.2. Forms of proxy (which form may be found enclosed) must be dated and signed by the shareholder appointing a proxy and must be received at the registered offices of the Company, c/o Veritas Eksekuteurskamer (Proprietary) Limited, 1st floor, Nictus Building, 140 Mandume Ndemufayo Avenue, Windhoek (Private Bag 13231, Windhoek) or the Transfer Secretaries, c/o Veritas Eksekuteurskamer (Proprietary) Limited, 1st floor, Nictus Building, Mandume Ndemufayo Avenue, Windhoek (PO Box 755, Windhoek). Forms of proxy must be received by no later than 12:00 on 26 November 2024. Before a proxy exercises any rights of a shareholder at the annual general meeting, such form of proxy must be so delivered.
- 9.3. Attention is drawn to the "Notes" to the form of proxy.
- 9.4. The completion of a form of proxy does not preclude any shareholder from attending the annual general meeting.

10. VOTING

- 10.1. Voting will be performed by way of a poll, so that every shareholder present in person or by proxy, and if a member is a body corporate, its representatives, shall have one vote for every share held or represented by him/her.
- 10.2. For the purpose of resolutions proposed in terms of the NSX Listings Requirements in respect of which any votes are to be excluded, any proxy given by a holder of securities to the holder of such an excluded vote shall also be excluded from voting for the purposes of that resolution.
- 10.3. Shareholders are encouraged to attend the annual general meeting.

NOTES TO THE PROXY FORM

- 1. Each shareholder is entitled to appoint one or more proxies (who need not be a shareholder(s) of the Company) to attend, speak and, on a poll, vote in the stead of that shareholder at the annual general meeting.
- 2. A shareholder may insert the name of a proxy or the names of two alternative proxies of his/her choice in the space provided, with or without deleting 'the chairperson of the annual general meeting'. The person whose name stands first on the form of proxy and who is present at the annual general meeting shall be entitled to act as proxy to the exclusion of the persons whose names follow.
- 3. A shareholder's instructions to the proxy have to be indicated by the insertion of an "X" or the relevant number of votes exercisable by that shareholder in the appropriate box provided. Failure to comply with the above shall be deemed to authorise the chairperson of the annual general meeting, if the chairperson is the authorised proxy, to vote in favour of the ordinary and special resolutions at the annual general meeting, or any other proxy to vote or to abstain from voting at the annual general meeting, as he/she deems fit, in respect of all the shareholder's votes exercisable thereat.
- 4. A shareholder or his/her proxy is not obliged to vote in respect of all the ordinary shares held by such shareholder or represented by such proxy, but the total number of votes for or against the ordinary and special resolutions and in respect of which any abstention is recorded may not exceed the total number of votes to which the shareholder or his/her proxy is entitled.
- 5. Documentary evidence establishing the authority of a person signing this form of proxy in a representative capacity has to be attached to this form of proxy, unless previously recorded by the Company's transfer secretaries or waived by the chairperson of the annual general meeting.
- 6. The chairperson of the annual general meeting may reject or accept any form of proxy that is completed and/or received other than in accordance with these instructions and notes.
- 7. Any alterations or corrections to this form of proxy have to be initialled by the signatory(ies).
- 8. The completion and lodging of this form of proxy shall not preclude the relevant shareholder from attending the annual general meeting and speaking and voting in person thereat to the exclusion of any proxy appointed in terms hereof, should such shareholder wish to do so.
- 9. Forms of proxy have to be lodged with or posted to the registered office of the Company, c/o Veritas Eksekuteurskamer (Proprietary) Limited, 1st floor, Nictus Building, 140 Mandume Ndemufayo Avenue, Windhoek (Private Bag 13231, Windhoek) or the transfer Secretaries, Veritas Eksekuteurskamer (Proprietary) Limited, 1st floor, Nictus Building, 140 Mandume Ndemufayo avenue, Windhoek (PO Box 755, Windhoek). Forms of proxy must be received no later than 12:00 on 26 November 2024.
